NEWS RELEASE

New, patented Wire Marker from U-Mark, Inc.

U-Mark, Inc. is introducing a new, patented marker. The U-Phase™ is designed to mark wire quickly and effectively, with permanent, fast drying paint which resists handling, heat and UV light” says Francesco Ziniti, Sales Manager at U-Mark.

U-Mark is a manufacturer of industrial markers in Belleville, Illinois. ”We believe the new marker will revolutionize the way electricians mark wire because It is much more practical than vinyl tape” says Ziniti “...with U-Phase™, electricians and contractors can mark wires in a panel faster and more accurately than ever before”. He adds: “This is a brand new product and many electricians love this simple yet brilliant idea. We are setting up new distributors and are very excited about the U-Phase’s potential.”

U-Phase™ wire marker is available in 11 colors and is protected by US Patent No. 7,320,553.
