

# REFILLABLE METALHEAD®

## Sustainable and Frugal

Sustainability and care for the environment go hand in hand with frugality. This philosophy also applies to the Metalhead Refillable Paint Marker.

Metalhead features heavy-duty, replaceable steel tips for marking rough and difficult surfaces, extremely durable and refillable HDPE bottles, and stubbornly permanent paint.

When your MH or MH2 marker runs out of paint, use MH Paint Refill (with a convenient pouring spout) to replenish the 2 oz bottle, reduce unnecessary waste and save money.

Mix different colors of MH Paint and make your own, virtually unlimited color palette.

★ Ideal for Oily & Rusty Metal • Concrete • Steel Yards • Foundries  
Tool Shops • Recycling Centers • Chemical Plants

## Metalhead Paint Refills

Permanent, highly visible, glossy enamel paint is available in 16 oz bottles to refill MH and MH2. Paint resists abrasion, most solvents, and temperatures from -50° F to 150° F. Supplied with a convenient pouring spout.
