

- **Features:** heavy duty 4 mm steel tip for marking on rough and difficult surfaces with extremely permanent paint.

- **Use on:** oily and rusty metal, steel, concrete, brick, lumber, pipes, castings, tooling and more.
- **Permanent:** highly visible, glossy enamel paint resists outdoor exposure, most solvents, abrasion and temperatures from -50° F to 250° F
- **Refillable:** save up to 70% and generate less waste with Metalhead[®] Paint Refills (see reverse).
- **Ideal for:** steel yards, recycling centers, foundries, construction sites, chemical plants, tool shops, shipyards, etc.

METALHEAD[®] Paint Marker
