

A simple yet brilliant idea that will completely revolutionize the way electricians mark wire, much more practical than vinyl tape. USA Patent no. 7.320.553

U-Phase Wire Marker

- Marks up to #6 wire (0.280") quickly and efficiently with highly visible, quick-drying paint. Resists abrasion, moisture, dirt, oil and UV light. Adheres to clean sheath permanently.
- Pass electrical inspections the first time by properly identifying all wire colors.
- Perfect for phasing of electrical panels, color coding, identifying and wiring circuits, marking computer and telephone cables, automotive wires, etc.
- No need to purchase and carry color specific wire when you can quickly mark wire remnants.
